BRIEFINGS.
—Keep steady.
—Merry Minstrel to-night.
—Long Branch Club dance to-night.
—Mrs. Kittle C. Reynolds, of Monroe, is visiting friends in this city.
—The Knights of Pythias have another night of it to-night in their new castle.
—The noisy Fourth will not come forth in Janesville, this year, at present indications.
—The Loan Art Exhibition won't be alone to-night, but will have plenty of visitors.
—Still the oarsmen grumble because there is too much water in the river for racing.
—Prof. Titcomb put into his rooms to-day a new grand piano, the largest one in the city.
—Mrs. E. A. Erwin has removed her dress making rooms to 34 South Franklin St., near Harris works' office.
—The first lady practices hitching up every Thursday and Saturday evening, going out of the houses on Thursday evening only. The ladies are always welcome.
—Mr. Fenton B. Turk, of Messrs. F. B. Turk & Co., manufacturers of the "Boss Ink," is in the city, and finds a large increased demand for his celebrated Diamond Ink.
—To-night there will be another glass ball shooting match, at the same place where it was held the last time. The "Lottie Lee" will carry the shooters up the river.
—A dozen or so of tramps are to-day hovering about Monterey bridge, offering jackknives for sale at remarkably low figures. The question now is, whose hard-ware store has been broken into?
—A pocket case filled with all sorts of drugs, and evidently the property of some physician, was picked up north of Janesville on the Indian Ford road and can be had by applying at the office of the Gazette.
—"Does Death End All?" This has been announced as the subject of the coming lecture in this city by Rev. Jos. Cook, of Boston. The theme, the mind that grapples it, and the masterly oratory that displays it, are all of a kind to make the lecture the greatest event in the literary history of this city.
—Last night a tramping pilgrim who could tarry but a night, was kindly lodged by Mr. George Wait, of La Prairie. This morning, when one of his men, Fred. Kapke, awoke, he found the stranger gone and with him a pair of new boots. He is in town to-day looking sharply at every fellow whose feet are covered with new leather, but so far in vain.
—One of the Sunday school classes of the First Methodist church will to-morrow evening give a dime concert at Lippin's hall, for the benefit of the mission cause. Mr. Frank Hudson and Miss Maggie Hutton, two deaf mutes, are to be present and illustrate the sign language by a variety of places. Other exercises of an interesting nature will also be given.
—Sew on the buttons so they won't fly off, and go to hear Haverly's New Orleans Minstrels to-night. They come loaded down with fun and music. They have some fine vocalists, excellent comedians, good clog dancers, one of the best cornet soloists in the land, banjoists, funny men, and a host of good things. To-night is the only chance to see them.
—The Chicago papers contain the statement that the residence of Mr. H. K. Whiton, of the law firm of Sleeper & Whiton, who formerly lived here, and who now lives in Graceland Park, was entered early Saturday evening by sneak thieves who made off with about \$80 in cash and a quantity of plate, taking good care to select the solid ware in preference to the plated.
—There was a large gathering of friends in the parlors of the Baptist church, last evening, to bid farewell to Rev. W. S. Roberts and family, who go to their new work this week. No time was wasted in set speeches or a formal program, but the hours sped lightly by in social enjoyment. The friends of Mr. Roberts quietly tucked a snug little purse into his pocket, and bid him a hearty God-speed. The occasion was in all respects a happy one, save in the regret which all felt at the parting.
—The art exhibition of All Souls church opens this evening, and will include one of the richest treats which has been ever set forth in this city. The exercises of the opening will take place at 7:30 o'clock this evening, and will consist of music by the Bower City Band, brief remarks by Mayor Norcross and Prof. Van Cleave, and a formal declaration that the exhibition is open. The collection is a large and varied one, and presents the best works of the best artists. All should improve the opportunity thus offered to see and to learn something of art and her masters.
—The inquiry has been raised by some who are better posted, perhaps, in mathematics than in base ball, how it is that we rank the Milwaukee fifth in the league contest, and the Providence sixth, when the Milwaukee have played twenty games and lost fourteen, and won only six, and the Providence have played only sixteen games and won five and lost eleven. To those who are posted in base ball matters this inquiry may seem foolish, but to those who know little about it the thing seems a poser. For the information of such we would say that it is plainly set down in the rules, and has been followed out for years, that the contending clubs rank according to the number of games won, no matter how many they may have lost. The last games are not taken into account except in case of a tie, when the club having lost the smallest number would rank ahead. For further light see the rules.

THE WEATHER.
The thermometer at 7 o'clock this morning stood at 67 degrees above, and at two o'clock at 76 degrees above. Clear. One year ago to-day the thermometer stood at corresponding hours at 71 degrees and 74 degrees above.

over Lake Huron and lower lakes by rising barometer, nearly stationary temperature, north to east winds, shifting over the lakes to warmer, southeasterly, clear and partly cloudy weather, with rain areas along the lower lakes and Lake Superior.

OBITUARY.
MRS. LUCY PENNIMAN.
This morning shortly before 1 o'clock the wife of Mr. Charles Penniman passed calmly and peacefully away. She has for two years or more past been a great sufferer, but the immediate illness which today ended in death, attacked her about a month ago, since which time she has been very dangerously sick, and the fatal ending was not therefore wholly a surprise. She was quite hopeful and very patient up to the last, and friends did all that was in their power to lessen her sufferings, but all the skill of science, and all the tenderness of love could not save her. Last Saturday two of her sisters, Mrs. Coburn and Mrs. Woodbury, came to her bedside from their homes in Hopkington, Massachusetts, in response to a telegram stating her condition. Mrs. Penniman's maiden name was Westworth and she was born in Westworth, forty-seven years ago. Twenty-five years ago she was married to Mr. Penniman. Besides him she leaves one son to mourn her death. A kinder husband and a more filial son never watched by the bedside of a suffering wife and mother. Mr. and Mrs. Penniman have resided in Janesville for nearly ten years, and have many friends whose hearts will be touched with deep sympathy by this break in the family circle. The funeral services will be held at the house to-morrow afternoon at 3:30 o'clock, and will be conducted by Rev. T. P. Sawin.

MUSICAL FINALE.
The Musical Club held its last meeting for this season, last evening, in Miss Battle's music room. Miss Battle and her pupils played a four-handed arrangement of the *Midsummer Night's Dream* music of Mendelssohn, in most admirable style. The delicate, fairy music was given with firm appreciation, and finished phrasing, while the parts which required more energetic treatment were given with a spirit and vigor which made the performance very enjoyable. The amateur playing in the exercises of the club this year has been very creditable and satisfactory, and combined with the analysis and criticism which Messrs. Van Cleave and Fillmore have furnished has accomplished all that was expected. The audiences have varied from thirty to one hundred, and have shown marked interest. Some have certainly received new ideas, and have become more intelligent musically through the work of the club.
Mr. Van Cleave contributed last evening an extremely interesting and helpful criticism of the *Midsummer Night's Dream* music, and also of the *Cantata* from "*Des Freischuetz*," which Mrs. St. John sang in her very best style.—That is, very admirably indeed.
The executive committee of the club have already begun to discuss plans for next season.

REV. JOSEPH COOK, OF BOSTON.
The following citizens have been earnestly desirous to have this greatest of all living orators come to our city, and have obtained the assurances of the fact. Their names are sufficient guarantee that this is no mere money making scheme, but an earnest effort to have our people enjoy a lecture of the first order:
Rev. J. W. Sanderson Isaac Farnsworth, A. H. Sheldon A. F. Hall, C. S. Craghy, H. W. McElroy, H. W. Burdon, H. W. Wheeler, R. V. Patterson, J. C. Ebbin, Rev. A. Lee Royce, Hiram Merrill.

TIERS THE RIBBON.
About one hundred of the Beloit Red Ribbon Club visited Shirlan last evening, and in the church at that place held one of the most enthusiastic temperance revival meetings Shirlan people ever dreamed of. One hundred and fifty-five signatures were

got to the pledge. It is the design of the Beloit club to hold these meetings in every town and four corners in the county, and keep up the excitement.

SPORTS ON LAND AND WATER.
BASE BALL.
At Boston yesterday—Boston 4, Cincinnati 2.
At Lowell, yesterday—Manchester 3, Lowell 2.
At Hornellsville, yesterday—Buffalo 4, Hornellsville 3.
At Cleveland, yesterday—Forest City 5, Rochester 1.
Bennett, catcher of the Milwaukeees, was released yesterday. Ellick will probably catch in the game with the Chicagoes.

AQUATIC.
Peoria, Illinois, is full of strangers in anticipation of the regatta, and the town folk are nearly beside themselves. Harper's Weekly has an artist sketching the scene, and representatives of the press from all parts of the country are crowding in.

A single oar scull race for a medal and the championship of Indiana, took place at Fort Wayne yesterday, there being 2,500 present. Frank Walker and James Kelly were the contestants. The former won, getting over the course of three-fourths of a mile and return in nine minutes and fifty-six seconds.

SHOW THE PROOF.
Those who delight in rolling gossip as a sweet morsel under their tongue, have been busy circulating the report that the depositions committed at the High School an account of which was given in last night's Gazette, were committed by Will Webster, Arthur Conant, Clarence Clark, Charles Clark, and Lynn Knox. These boys and their friends deny that there is the least ground for connecting their names with such affair, and desire any one who thinks he has any proof to the contrary, to come forward at once and tell all they know or forever keep their peace. These young men have a record by their long residence in this city which places them above all cause of suspicion.

Still Victorious.
Many years have passed since Dr. Price's Cream Baking Powder was first offered to the public; and its superiority over all Baking Powders for making wholesome, light, sweet bread and biscuits has been established. Still victorious, standing today in the estimation of thousands as the only safe and reliable powder.

Liver is King.
The liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the liver and stomach. Sample bottles, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want. "ee3deod-18w6wim" adw.
The Bona Insurance Agency.
Dimock & Hayner are agents for the oldest and strongest American and English Fire Insurance Companies. Among the list are such companies as the Old Stars and Phoenix, of Hartford, the Home, Continental and Westchester, of New York, the Insurance Company of North America, Fire Association, Girard, American, Pennsylvania, and Franklin, of Philadelphia. The Liverpool and London and Globe, Imperial and North-east, and Commercial Union of England, and the Western Assurance and British America, of Canada, and others.
You can now get insurance in the above well known companies at the lowest possible figures. This being the case it would seem useless to throw away money upon weak and unknown companies. Get the best at the best rates. "Judith" adw.
Womanly Elegance and Grace.
There are few among our fair readers who would not gladly possess the royal complexion, the beautiful form, the cheerful smile, the elastic and supple, that good health always imparts. Parker's Ginger Tonic will restore these feminine attributes to thousands whose shattered constitutions are due to functional derangement. It radically cures Dyspepsia, gives tone to the feeble organs, dissipates Headache, Neuralgia and Nervousness, relieves painful Periods, and safely establishes regularity of the female functions. It soothes the nerves, imparts ease and strength to mothers themselves, and through the milk to their nursing babes, prevents the Nausea and Constipation peculiar to ladies in a delicate condition, and greatly relieves the sufferings of this period. It acts like a charm on the digestive machinery, speedily counteracts the weakening effects on the bowels of excessive heat, injudicious diet, or impure water, and is warranted to cure the worst forms of Colic, Cholera, Diarrhea, Dysentery, Bloody Flux, Cholera Infantum, and even Asiatic Cholera if taken in time. Buy a 50 cent bottle of your druggist, A. J. Roberts, or a sample bottle at 15 cents, and test its extraordinary merits. "epitdewly" adw.
"Dobbins' Electric Soap."
Having obtained the agency of this celebrated Soap for Janesville and vicinity, I append the

opinion of some of our best people to its merits.
I have washed with "Dobbins' Electric Soap" made by I. L. Cragg & Co., Philadelphia, Pennsylvania, and pronounce it the best soap I have ever used. The rapidity and ease with which it enables one to do one's washing is really surprising. Boiling the clothes is entirely unnecessary and no rubbing is needed. I would not be without it.
NELLIE KENNEDY.
I have no hesitation in saying that no house-keeper should be without Dobbins' Electric Soap. I can heartily recommend it. It is a charm in the wash tub.
ELIZA F. LEACH.
As time, labor and money saving article, I take pleasure in recommending Dobbins' Electric Soap to my neighbors. It promises wonders and does all it promises.
I take pleasure in calling attention to the testimonials, as we have just made arrangements with the manufacturers in Philadelphia, so that we can supply the trade at their lowest Philadelphia price.

The Scientific American says:
In 1831 all the table cutlery used in this country was imported from England. To-day English goods in this line have been driven out of the American market, only small exceptional parcels being imported. In fact, out of an annual consumption amounting to not less than \$2,500,000 worth, not more than 5 per cent. comes from England. The home market being secured, the trade is steadily extending into foreign markets notwithstanding the fact that American cutlery is dearer than Sheffield articles; this on account of their superior shape and finish. Said Mr. Oakman, the treasurer of the Russell Cutlery Company, to a correspondent of *The Herald*: "The time is steadily extending into foreign markets notwithstanding the fact that American cutlery is dearer than Sheffield articles; this on account of their superior shape and finish.
